How to Answer Questions on Simple, Compound, and Complex Sentences

When asked to analyze or identify sentence types, follow a structured approach:

Step 1: Read the Sentence Carefully

- Look for the number of clauses
- Identify the presence of coordinating or subordinating conjunctions
- Determine if there are dependent clauses

Step 2: Identify the Clauses

- An independent clause can stand alone
- A dependent clause cannot stand alone and relies on the main clause

Step 3: Classify the Sentence

Based on the clauses identified:

- Simple: One independent clause
- Compound: Two or more independent clauses joined by coordinating conjunctions or semicolons
- Complex: One independent clause and at least one dependent clause

Step 4: Formulate Your Answer Clearly

Explain your reasoning, citing the conjunctions or clauses that led to your classification.

Sample Questions and How to Answer Them

Question 1: Identify whether the following sentence is simple, compound, or complex.

"The children played in the park because the weather was nice."

Answer:

This sentence contains one independent clause, "The children played in the park," and one dependent clause, "because the weather was nice." Since it has a main clause and a subordinate clause introduced by because, it is a complex sentence.

Question 2: Classify this sentence and explain your reasoning.

"I wanted to buy a new car, but I didn't have enough money."

Answer:

The sentence has two independent clauses: "I wanted to buy a new car" and "I didn't have enough money," joined by the coordinating conjunction but. Therefore, it is a compound sentence.

Question 3: Is this a simple sentence? Why or why not?

"She runs every morning."

Answer:

Yes, this is a simple sentence because it contains only one independent clause with a subject She and a predicate runs every morning, expressing a complete thought with no subordinate clauses.
