Recognizing the potential for expanding the universe beyond the screen, publishers and creators began exploring comic adaptations in the early 1990s.

The first notable Mega Man comic series was published by Archie Comics in 1994. The decision to adapt the game into a comic book format was driven by the franchise?s popularity and the desire to create a more expansive narrative that could delve into character backgrounds, motivations, and the broader conflict between Mega Man and Dr. Wily.
