What Is Vision?

Vision is a clear, compelling picture of the future that an individual, team, or organization aspires to create. It provides direction, purpose, and motivation, serving as a roadmap for decision-making and strategic planning. Unlike goals or objectives, which are specific and measurable, vision is broader and more aspirational, encapsulating the essence of what one hopes to achieve.

- **Authenticity:** The vision must be authentic and aligned with core values and beliefs. Authenticity fosters trust and commitment from stakeholders.
- **Future-Oriented:** A vision looks forward, imagining a better future. It should be ambitious yet attainable, pushing boundaries without being unrealistic.
- **Inclusiveness:** A compelling vision considers the perspectives and needs of all stakeholders, fostering a sense of collective ownership.
- **Flexibility:** While vision provides direction, it should also allow room for adaptation as circumstances evolve.
