Unlike mere remasters, these games introduced alternative storylines, new Pokémon forms, and additional gameplay elements that enriched the Alola region's lore. The ?O? in the title commonly refers to the "Ultra" aspect ? a nod to the Ultra Beasts and the expanded universe the games explore.

These editions build upon the foundation laid by Pokémon Sun and Moon, which originally launched in 2016 to critical acclaim for their fresh take on the series? formula. Ultra Sun and Ultra Moon notably integrated more complex storytelling, new locations such as the Ultra Recon Squad?s base, and innovative features like the Ultra Warp Ride, which allowed players to traverse between dimensions.
