### 1. What were the main causes of the Cold War?

Answer:

The main causes included ideological differences between capitalism and communism, distrust stemming from WWII alliances and outcomes, the desire of the U.S. to contain communism (as articulated in the Truman Doctrine), Soviet fears of Western invasion, and competing geopolitical interests. Disagreements over post-war Europe, especially the fate of Germany and Eastern European countries, also fueled tensions.

### 2. Describe the policy of containment and its significance.

Answer:

The policy of containment, formulated by George F. Kennan, aimed to prevent the spread of communism beyond its existing borders.
